VAPURE is the most advanced humidifier water treatment ever developed. It is the #1 product for treating the hard water feed to Liebert equipment fitted with infrared humidifiers. When you use pre-mixed VAPURE, chances are good you'll never have to scrape or prematurely replace the humidifier pan again. Liebert customers report pans in their units benefit from VAPURE water treatment...pans are easily rinsed of most mineral deposits and wiped clean of the rest. VAPURE is designed for use in all Liebert Deluxe Systems and Liebert Challenger products equipped with infrared humidifiers.

*10% rebate open to Liebert customers in North America for VAPURE kits purchased between March 31 and June 15, 2005. Visit <http://parts.liebert.com> for details. Your local Liebert parts representative will contact you to arrange delivery.
